

**Zahrawi Group Announces New Strategic Partnership with
Spine Care Technologies starting January 1, 2024**

PARTNERSHIP ANNOUNCEMENT

&

www.spinecaretechnologies.com

Zahrawi Group is delighted to announce its partnership with
Spine Care Technologies - in UAE, Qatar, Oman & Bahrain.

This strategic alliance not only elevate our portfolio with transformative
solutions but also reinforces our dedication and commitment to elevating
the standards of customized spinal decompression solutions in the region.

Zahrawi Group proudly announces its new strategic partnership with Spine Care Technologies across key markets, including the UAE, Qatar, Oman, and Bahrain.

This partnership represents a significant stride for Zahrawi Group in the domain of customized Spinal Decompression solutions. Spine Care Technologies, recognized for its flagship product Extentrac® Elite, a 3-axis spine positioning system providing the ability to treat patients from multiple (unconventional) positions. This state-of-the-art technology holds worldwide acclaim in pain management clinics, rehabilitation departments & hospitals and sports medicine. The collaboration aims to deliver cutting-edge solutions for individuals grappling with acute and chronic back pain, addressing a crucial need in the healthcare landscape.

The strategic alliance seamlessly aligns with Zahrawi Group's vision to be the leading and most trusted partner in the GCC and reinforces our commitment, to ensuring the delivery of state-of-the-art spinal care solutions to the Gulf region.

Zahrawi Group and Spine Care Technologies anticipate mutual benefits from this collaboration. By leveraging Zahrawi Group's extensive distribution network and market expertise alongside Spine Care Technologies' cutting-edge spinal care solutions, both companies aim to enhance accessibility to advanced medical technologies, ultimately contributing to the well-being of individuals across the region.
